

Environmental Review

This is the printable version of the Eco-Schools Environmental Review. You and your Eco-Committee can print out a copy, walk around your school grounds and note your findings and ideas with a pen. You can then scan this as single PDF document and upload it to the Eco-Schools application form.

- Give yourself a tick for every 'yes' answer and a cross for every 'no'.
- To calculate your score for each topic, count the number of ticks.
- If you are unable to answer a question leave it blank, this will not affect your Eco-Schools Green Flag application.
- ... and don't worry if you have low scores on the Environmental Review, this just means you can make an even greater impact this year!

Completed By

Eco warriors with their classes (a section each).

Biodiversity

01

Do your grounds provide habitats to encourage insect life, for example bug hotels, log piles, rock piles, or leaf piles?

02

Do your grounds provide homes and support for birds and animals, for example bird houses, bat boxes, hedgehog highways, or bird baths?

03

Do your grounds have bird, or other animal feeders and are they checked and topped up regularly?

04

Do your grounds have any dedicated wildflower, meadow, wildlife corridor, or rewilding areas to support biodiversity?

05

Are plants in your grounds chosen specifically to support biodiversity, for example bee-friendly lavender?

06

Do your grounds have a pond or mini-pond?

07

Do young people have the opportunity to observe and record nature in your school grounds, for example using wildlife camera traps, or through schemes like RSPB's Big Schools' Birdwatch?

- 08 Are there any labels or QR codes within your school grounds that highlight what plants, trees, or flowers are present or emphasize biodiversity-supporting facilities and areas?
 - 09 In the previous twelve months, has your school fundraised for endangered animals or conservation projects?
 - 10 During the last year, has your school provided advice to families on supporting biodiversity at home, for example looking for Rainforest Alliance certified products whilst shopping or instructions for creating homemade bug hotels?
- Total Score 7

Our Ideas & Thoughts

In Geography we are going to see how many species visit the forest school area, both during night/day. And how can we improve the environment

WWF's 2022 Living Planet Report found that global wildlife populations have declined by an alarming 69% since 1970, a 1% further decline since their 2020 report.

GB

Energy

Supporters of the Energy topic in 2023-2024

- 01 Does your school have student energy monitors, who check lights and other electronic devices are switched off when not in use during the daytime, and an adult member of staff responsible for checking lights and devices are turned off overnight?
- 02 Do classrooms in your school have posters, signs, or a traffic light system that reminds pupils and staff to turn off electrical devices when not in use?
Energy monitors have notes toward points on graph.
- 03 Does your school have any renewable energy sources on site (solar panels, wind turbine, heat pump, biomass heating), or if not does your school purchase energy from a renewable energy supplier?
- 04 Are windows kept free of displays and blinds drawn back during the daytime to maximise natural light?
- 05 Are young people kept updated on your school's energy use (e.g., through a smart meter young people can access, an energy display that is regularly updated, or during assembly briefings)?
not regularly
- 06 During colder months, are windows closed, internal doors shut, radiators free from blockages, and pupils/staff encouraged to wear appropriate clothing to reduce heating use?
- 07 In the last twelve months, has your school planned an energy-free day, energy-saving week, or something similar?

- 08 Find your school's site/ICT manager, do computers, and the heating system, in your school have automated switch off, and is this set no later than 6pm?
 - 09 Speak to your school's site manager, has your school building infrastructure been improved to save energy (e.g., double+ glazed windows, insulation, motion-sensing lights, energy efficient lightbulbs, draft excluders etc.)?
 - 10 Speak to your site manager did your school use less energy last academic year than the previous one?
- Total Score 6.5

Our Ideas & Thoughts

50% of the gas that schools use, is consumed when schools are closed. This is usually because hot water continues to circulate around a school during evenings, weekends, and even holidays.

EP

Global Citizenship

✓ X

- 01 Has your school raised money for a charity or cause in the last twelve months, or donated to a local foodbank?
- 02 Was any of this money raised for environmental, wildlife, or animal welfare charities?
- 03 Are young people allowed to take responsibility for planning fundraising events, or selecting which charities their fundraising supports?
- 04 Does your school have links with any other schools in different countries?
- 05 Has your school declared a climate emergency?
- 06 In the past twelve months, have any young people in your school written to their local MP about an environmental issue?
- 07 Does your school celebrate diversity by organising events and education around religious/cultural holidays, or events like Black History Month and Pride?

08

Does your school celebrate its own diversity by organising events, celebrations, and learning opportunities that showcase the different cultures represented by pupils and staff members?

09

Speak to staff members in the school canteen, can they find three different items of food with green/ethical labelling e.g., Fair Trade, Rainforest Alliance, Red Tractor etc.?

10

Approach three different members of teaching staff (not the Eco-Coordinator), can any of them name one of the Sustainable Development Goals?

Total Score

Our Ideas & Thoughts

We have written to the parish council asking for bins, which they did (Rec).

During COP26, Tuvalu's foreign minister delivered a speech whilst standing knee-deep in saltwater, highlighting that his country could be underwater by the end of the century because of rising sea levels caused by climate change.

Healthy Living

Foundation

Supporters of the Healthy Living topic in 2023-2024

- | | | |
|----|--|-------------------------------------|
| 01 | Does your school teach young people how to grow fruit, vegetables, and herbs? | <input checked="" type="checkbox"/> |
| 02 | Does your school canteen ever use plants grown on site as ingredients? | <input type="checkbox"/> |
| 03 | Does your school menu have plant-based options every day? | <input checked="" type="checkbox"/> |
| 04 | Are plant-based options encouraged at lunch times, for example are they at the top of the menu, near the start of the queue or labelled planet-friendly? | <input type="checkbox"/> |
| 05 | Does your school regularly have meat-free days, and are packed-lunch pupils also encouraged to participate? | <input type="checkbox"/> |
| 06 | In the past twelve months, have young people worked with canteen staff to help plan healthy, new menu items? | <input type="checkbox"/> |

- 07 During the last 12 months, have all year groups been given the opportunity to learn how to cook vegetarian or vegan meals during a food technology lesson?
 - 08 Does your school have a sensory garden, or other natural area, that helps pupils feel calm and relaxed?
 - 09 Does your school discuss mental health issues and provide strategies and exercises to cope with them?
 - 10 Does your school offer opportunities to practice mindfulness, meditation, yoga, or similar?
- Total Score

Our Ideas & Thoughts

Climate anxiety is increasing. A 2022 survey by Save the Children revealed 70% of young people in the UK worry about the world they will inherit and 75% want stronger govt action on the climate crisis.

Litter

Supporters of the Litter topic in 2023-2024

- | | | |
|----|---|-------------------------------------|
| 01 | Does your school have access to litter-picking equipment? | <input checked="" type="checkbox"/> |
| 02 | Have young people from your school litter-picked in your school grounds in the last twelve months? | <input checked="" type="checkbox"/> |
| 03 | Have young people from your school litter-picked in your local community in the last twelve months? | <input checked="" type="checkbox"/> |
| 04 | Have members of your school community (e.g., families, businesses, nearby schools, council members etc.) been invited to participate in a litter-pick organised by your school in the last twelve months? | <input checked="" type="checkbox"/> |
| 05 | Does your school allow pupils to loan litter-picking equipment during evenings and weekends, to complete litter-picks with family members outside school hours? | <input type="checkbox"/> |
| 06 | Did your school participate in Keep Britain Tidy's Great Big School Clean during the last academic year? | <input checked="" type="checkbox"/> |
| 07 | Does your school have enough bins inside and outside the school building (e.g., they never overflow)? | <input checked="" type="checkbox"/> |

- 08 Have young people in your school created anti-litter posters and signs, or delivered an anti-litter assembly or campaign, in the past twelve months?
 - 09 Does your school have appointed Litter Monitors?
 - 10 Explore your school grounds for a few minutes, are they entirely free of litter (make sure to also look at the perimeters)?
Fruit pieces/peels
- Total Score 8

Our Ideas & Thoughts

On average the RSPCA receives 10 calls a day about animals affected by litter.

Marine

✓ ✗

- 01 Has your school placed a ban on balloon releases and glitter? Partial
(won't buy glitter)
- 02 Has your school banned laminating, or does it have a strict laminating policy? ✗
- 03 Has your school organised and completed a beach river or canal clean in the last twelve months? ✗
- 04 In the past twelve months, has your school planned any events to raise funds for, or awareness of, marine life conservation? ✓
- 05 Has your school created any mural or sculptural artworks, to highlight how single-use plastics can harm marine life? ✓
- 06 In the past twelve months, have any pupils or staff completed an audit of your school to find out what single-use plastics are commonly used on site? ✗
- 07 Speak to a member of your school's site team, do they only use environmentally-friendly cleaning products in your school? ✓

- 08 Speak to your school's Art Subject Leader, have they stopped the purchase of single-use plastics to be used in art lessons and made significant efforts to use recycled or repurposed items instead?
- 09 Speak to your school canteen staff, have they reduced their use of any single-use plastics in the previous year (e.g., finding alternatives to bottled water, sauce sachets, plastic cutlery or Clingfilm)?
- 10 In the last academic year, did your school provide information about creating plastic free lunches to pupils and their families?
- Total Score

Our Ideas & Thoughts

An estimated 11 million tonnes of plastic enter the ocean every year, including 1 million tonnes of microplastics.

School Grounds

Supporters of the School Grounds topic in 2023-2024

- 01 Does each class in your school have a plant, or plants, that they take responsibility for nurturing? *Some.*
- 02 Has your school planted any trees in the last twelve months (this might be in your school grounds, local community, or by donating to a charity who plants trees on your behalf)?
- 03 Does your school have an outdoor learning area?
- 04 Does your school have a green roof or living wall?
- 05 Does your school have a gardening club, or does it offer gardening lessons?
- 06 Does your school have any of the following: greenhouse, polytunnel, allotment area, orchard?

07 Does your school participate in No Mow May, or have an area(s) where grass isn't cut?

08 Approach three teachers (not including the Eco-Coordinator), have all three taught a lesson outside in the past twelve months (apart from PE lessons)?

09 Speak to your site manager, does their team avoid using herbicides, pesticides, and peat compost?

10 Does your environmental work benefit your wider school community e.g., have you hosted a seed swap, given away produce grown, or invited parents/families in to help with gardening and learn new skills?

Total Score

Our Ideas & Thoughts

I think we should make a gardening club afterschool and put some more plants around the school.

England's primary and secondary schools cover an area roughly twice the size of Birmingham, which is why the UK Govt is launching, a scheme to map, monitor, and enhance learning sites for nature.

Transport

- 01 Does your school have a safe, dry space to store bicycles and scooters?
Safe, not dry
- 02 Does your school car park have an electric vehicle charging point?
- 03 In the past twelve months has your school completed a walk to school week, or any other similar campaign?
- 04 Does your school have any of the following schemes in place park 'n' stride, walking bus, junior road safety officers, staff car share, or staff cycle to work?
- 05 Does your school have a hedge, trees, or other vegetation around its boundaries to reduce air pollution in school?
- 06 Does your school provide safety training for cycling, scooting, or walking to school?
- 07 Is the road outside your school a 'School Street,' or have you enquired with your local council about creating one?

- 08 Does your school have a 'No Idling' policy for drop-offs and visitors, and has this been communicated to families, visitors and your wider school community in the previous 12 months?
 - 09 Does your school track how pupils and staff travel to school each day and reward pupils who travel sustainably?
 - 10 Do all school trips avoid airplane travel?
- Total Score

Our Ideas & Thoughts

More school staff could walk to school.
No-one should wait in cars outside the school.

Transport accounts for around 20% of global CO2 emissions, flying and driving are the two most carbon intensive options; cycling and walking are the most efficient options with train travel not too far behind.

Jm

Waste

✓ X

- 01 Does your school recycle any difficult-to-recycle items like batteries, pens, printer cartridges, or crisp packets?
- 02 Is your school's food and brown waste composted and, when possible, is this compost used in the school grounds?
Use food waste disposal unit
- 03 In the past twelve months has your school a second-hand clothes sale, or clothing swap event (e.g., Christmas jumpers)?
- 04 Does your school collect and redistribute used uniform?
- 05 Does your school have a book, stationery, or revision guide exchange?
- 06 Does your school use any refillable products, for example whiteboard markers, glue sticks, or soap dispensers?
- 07 Does your school canteen weigh/record food waste and share this information with pupils and staff?

08 Are recycling bins clearly labelled with signs or posters showing what can and can't be recycled in school?

09 Spot check three recycling bins in your school, do all three have the correct items in?

10 Has your school tried to reduce its use of paper, this might be through printing on both sides, sending letters/homework electronically, adding a release code to the photocopier, limiting use of worksheets, or continuing to use exercise books across academic years?

Total Score 7 1/2

Our Ideas & Thoughts

- Compost bin
- Recycling days - Brought from home
- Labels for blue bins

According to Wrap, the UK wastes 9.5 million tonnes of food each year, worth £19 billion. The greenhouse gas emissions associated with this waste are around 25 million tonnes, or the equivalent to emissions from 10 million cars.

KW

Water

✓ X

01 Does your school have a water-butt?

02 Does your school have any of the following water-saving devices: reduced flush toilets, water hippos, tap inserts, flush controls, self-closing/sensor taps?

03 In the past year has your school been in touch with your water supplier to visit their sites, or invite them to deliver an assembly or online session in your school?

04 Do your school toilets have posters reminding people to turn off the taps?

Automatic turn off

05 Does your school include water-saving tips in e-newsletters or other communications, so pupils and families can save water at home?

06 In the past 12 months, has your school fundraised for water-based charities like Water Aid, or participated in awareness raising events like World Water Day?

07 Have you appointed Water Monitors, and have they worked with your site manager to check for and fix any leaks during the last six months?

08

Do toilets in your school have hand dryers instead of paper towels?

09

Choose a class to survey, do more than three quarters of the class have a reusable water bottle in school with them at the time of survey?

10

Are reusable water bottles taken on school trips?

Total Score **7**

Our Ideas & Thoughts

• don't pour the water away in your bottle. drink it
• turn taps off if you're last person using it

The average person in the UK uses 142 litres of water every day, nearly 20% more than people in Germany who only use on average 121 litres a day.

MR

Additional Questions

✓ X

01 Have any classes or year groups in your school been on an environmentally-themed trip in the previous 12 months for example to a nature reserve or waste processing facility?

litter picking - volunteers activity

02 Have any charities, experts or eco-authors visited your school to deliver a talk about environmental issues in the previous 12 months?

03 Have young people in your school planned and delivered an environmentally-themed assembly in the previous 12 months?

(tends to be a small section at the end - saving energy etc)

04 Does your school's newsletter, website, or social media accounts celebrate your school's environmental achievements and encourage your wider community to cut carbon, reduce waste, and boost biodiversity at home?

05 Has your school worked with any other schools on an environmental project in the previous twelve months?

We have engaged with other schools in the trust.

06 Does your school hold an annual environmentally-themed day or week of learning?

Walk to School week?

07 During the previous summer holiday, did your school send home environmental challenges or activities to complete?

There was a challenge but not at summer holiday - The challenge was not using technology - Bird watching? Different challenge per year group (e.g. Fair trade).

08 Do you have an environmental section in your school library?

09 Has your school worked with your local authority, or a community group, on an environmental project in the last twelve months?

Brunei pillars, Window Wonderland

10 Does your school's reward system recognise environmental action and achievements?

Total Score

5

Our Ideas & Thoughts

- Gross on KS2 playground
- An area in playground where children could volunteer to help litterpick - sign out system (Sylvie).
- Eco themed stickers to reward Eco. actions by children (switching off lights / water etc)
- As a treat for housepoints or full marble jars to give children chance to plant a seed / plan or tree depending on their award / achievement

At the time of writing, July 2023 was the World's hottest month on record and the record for the planet's hottest ever day was broken several times throughout the month with the global average temperature reaching above 17°C.
